Washington, DC 20554

Gentlemen,

It has come to my attention that, because of MB Docket No. 04-233, my favorite radio station could be forced off the air. This station, KLOVE (88.1FM here in the Omaha area), may be affected if you expand service for LPFM stations. I would like to request that expanded service NOT be given.

KLOVE, here in Omaha, provides the kind of music my entire family listens to. In addition, KLOVE keeps us informed of upcoming local events and national and international news stories. The quality of programming on KLOVE makes it appropriate and safe for all ages. I do not think this would continue to be the case if KLOVE were to be displaced by an LPFM broadcaster. Some of our other local stations have had and/or continue to have some programs and "hosts" that are at times crude or indiscrete.

KLOVE's service to Omaha and the surrounding area is, I believe, good for our →

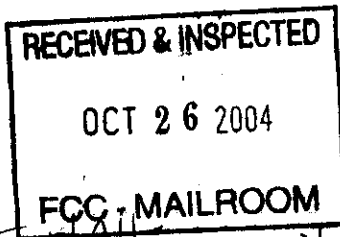

community. Marriages are helped, people are encouraged, families are strengthened — all through the broadcasting of KLOVE.

Thank you for taking the time to read this. Please do not implement any policy that would endanger the continued service of KLOVE in my area and across our country.

Respectfully,

Mrs. Mark Kahl

10/19/04

To Whom it May Concern  
Attn: F.C.C.

Reference "MB Docket No. 04-233"

K-LOVE serves me as a resident of my local community with awesome Christian music, interviews w/Christian singer-songwriters, inspirational stories, Bible-based encouragement, a place (radio station) to send prayer requests and the list goes on. K-LOVE is the 1<sup>st</sup> radio station that all of our vehicles are programmed into; the station we listen to most (98%) is K-LOVE, 89.7 FM  
(Other 2% is K-LOVE in Huron S. Falls, So. Dakota)

If K-LOVE were to be displaced by an LPFM broadcaster providing other programming, our local community would be greatly effected. The youth of this area (schools / local church youth groups) are committed to listening to K-LOVE because of its positive and encouraging programs, messages, music, etc. → STAFF

The service provided by K-LOVE is in the public's interest not just in my community but wherever K-LOVE can be heard because not only is their goal to pursue positive and encouraging music/messages, K-LOVE is genuinely

inspirational and truly a bright spot  
in a dark world. K-LOVE listening ~  
music, messages, interviews, programs... give  
you a reason to hope + brings joy to  
your spirit + soul.

I'm praying that K-LOVE will not be forced off  
the air in any area it serves.

Thanks for taking time to read my letter.

Sincerely,

Tim G. Beldin

Kimberlee Beldin

Reed Beldin-Age 11

Please leave K-Love

Just the way it is.

"MB Docket NO. 04-233"

I have lived in Oklahoma all my life and I love to listen to music, positive and encouraging music for not just myself but for my children, K-love is a great radio station and it just makes you feel so good when you listen to the songs that K-love plays.

If K-love was to be displaced by an LPFM broadcaster that would provide other programming, I would be very disappointed, because K-love already provides the best programming there is, there are not very many radio stations that play music that is so uplifting and powerful and it makes such a wonderful effect on your family, I hope and pray not only for K-love to stay strong but for other radio stations to begin to play positive, encouraging music, our world needs a lot more good in it. a lot more positive!

I know that the service provided by K-love is in the public interest because I am of the public and it interest me, I had a bad time dealing with some things that came up in my life, just like a lot of people do. And K-love radio station really helped me, I feel, "no", I know God spoke to me through that music and I was able to experience hope, peace and joy and I am thankful. And I know there are a lot of other people who feel the same way.

So it is doing the right thing to let K-love keep on playing that positive, encouraging music, not to mention those powerful prayers they pray.

From someone  
who cares.

(God Bless the USA!  
USA Bless God!)

Tracie in Oklahoma

Dear: Federal Communication Commission  
(F.C.C.) Inc.

Hello This is Oscar T. Jackson in Okla. city

There have been some issues that have  
come up which relates to how K-love radio  
has operated in the best interest of the  
communities it serves. 88.9 in Okc.

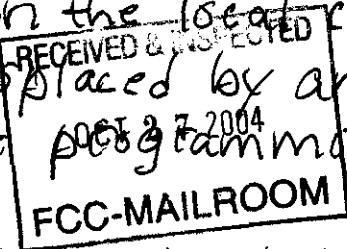

please reference "MB Docket no. 04-233"

comment:

question in view.

1. How K-love serves you as a resident of the local community.
2. The effect on the local community if K-love were to be displaced by an LAFM broadcaster providing other programming.
3. Why you believe that the services provided by K-love is in the public interest.

next page please.

Page 2

I will begin with number one question!

1. How K-love serves you as a resident of the local community? K-Love Radio serves me from a christian stand point encouraging music for the believer in christ Jesus, and all who want to come to god. it ministeres to the broken hearted, wounded in spirit. it encourages the believe in his faith of the Gospel, though song and music 24 hour 7 day a week there is no radio station like that.

2. The effect on the local community if K-love were to be displaced by a (LPFM) broadcaster providing other programming? I would disagree because one, I have grown to like christian music for year, and to see it go under the rug to another format is a disgrace, you know I wouldn't think that translator done have any use, depending on who listen to it, who support it. the people, see K-love radio is not an ad vocation, like some, are, it is a "Big group of people dedicated to a worthy cause of god Jesus 24 hour a day 7 day, so the gospel is favor, who listen, I would say,"

✓  
Over  
✓

~~The reason I thi~~

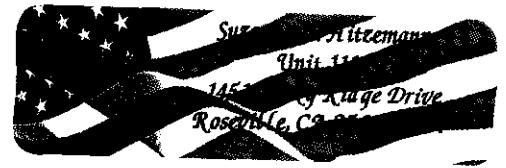

~~ove is in the~~

3 Why you believe that the service provided by K-love is in the public interest? ~~Why you~~  
The reason I think K-love is in the interest is because people support what they want to hear, and that is a freedom in America. To support what we want to hear by far we no one can't take something because they want it, it has to be a reason, my K-love station is important, you can't have it.

that what I am saying  
to the (LAFM)

Thank you!

Oscar T. Jackson  
Oklahoma City.

Re: MB Docket # 04-233

By way of this letter, I am respectfully requesting your attention & consideration regarding the above-referenced matter.

The FCC wants to remove an excellent radio station K-LOVE (FM) from my area. It's one of the best family-friendly stations we have here heard on 99.1, 99.3 & 99.5 FM.

My area would experience a grave affect should our station be removed. It would be ~~to~~ displaced by an iFM broadcaster providing other programming.

Please help us preserve this great service of K-LOVE that we value in our area. →

FCC

pg 2

Oct 21, 2004

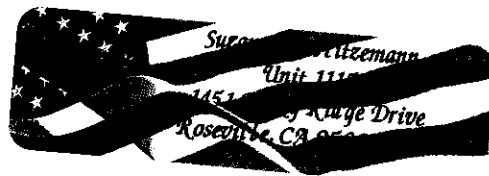

Your immediate attention to this matter would be greatly appreciated.

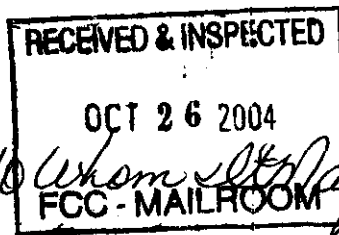

Again, this K-LOVE signal heard by thousands of listeners here could be replaced by an LPFM which may NOT have the same family-friendly programming I've come to enjoy, need, & cherish.

Thank you in advance

Sincerely,

Suzanne D. Holtz

To Whom It May Concern,

I'm writing this in regards to MB Docket No 04-233 and asking that you not allowing any broadcast system to take priority over our FM system that we now have that could possibly interfere with my K-Love Station.

I know alot of people rely and listen to K-Love in my area. A positive and faith based station like this is very much needed and appreciated. Our Country needs more stations like this, not less. Our kids need to listen to this type of station, and if your going to do away with anything, make it the stations that will play and say anything they want. Our youth are bombarded by songs and D.J.'s that promote sex, drugs, and anything else that can be very harmful for them in alot of ways. There is no limit to some of things that are broadcast. These are the things you need to address.

K-Love is an answer to this. Please don't allow anything to change it. A word with more of God's Blessings is what we need.

Thank You,

Marphon Garrett  
Greensburg, Indiana

MB Docket No. 04-233

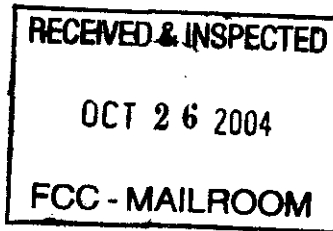

This letter is in request to please keep K-Love (91.9) in service in my area. I believe this station is a blessing to its listeners. I would personally experience a void in my daily life without K-Love. It's a very encouraging and enlightening station and many people are brought to Christ through this station due to its sincere, non-commercial messages. Please keep mine and all K-Love programs on-air forever.

Thank You  
with Christian Love,

Ronnie L Avery

RE: MB Docket No. 04-233.

I have received a notice in regards to K-LOVE Radio that it could be replaced by a L P F M station. I listen to K-LOVE exclusively. I believe its positive and encouraging broadcasting helps me to be a better person as I am sure many other listeners agree. If we are to make our communities better places to live and combat crime and evil, it takes each person to live their lives in a positive and right manner. I believe K-LOVE can accomplish this with their type of broadcasting. I hope and pray that it will not be replaced with a L P F M station.  
Thank you

Oct. 22, 2004

To: The Federal Comm. Commission (Fcc)

Please do not remove K-Love Radio Station from the air. It serves many people who are at a desperate time in their lives providing hope and encouragement when needed most. It would be a disservice to the community to take it away.

The effect would be devastating to many people in the community. I believe in it so much that I am a donator to the station.

When the world is so full of hatred, confusion and televised trash its nice to know theres one place to turn and it brings peace and contentment. That's K-Love Radio Station.

I'm sure if asked, God would approve this message.

Thank-you and God Bless!

Mrs. Jeff Wernke

(P.S.) Just because some people do not value this station doesn't mean its not valuable to so many other people. Lets not let a few opinions ruin it for the majority of other people.

"What the world needs now-is Love Sweet K-Love"

October 19, 2004

Dear Sirs:

It has come to my attention that you are currently considering expanding the services of LPFM stations and that the expansion of these stations would take priority over current FM translator services. The stations that I listen to almost exclusively are a part of the FM translator services. They are part of the K-LOVE services and air on 104.3, 96.9 and 102.3 FM in the Cincinnati-Dayton area. These stations are extremely important to my family and I. As a parent I do not have to worry about the language or topics that will be discussed on the stations. This is not the case with many of the other stations broadcasting in the area. I also play these stations at my retail place of business for the same reason.

K-LOVE is supported financially by the people that listen to the station. If it were not serving a need there would not be the support to stay on the air in this community or any other for that matter. Why would you replace a station that is being supported and of obvious value to the community? Our local communities are supporting K-LOVE stations and I resent the implication that the FCC knows what we want to listen to. If free speech covers the inappropriate topics that are broadcast (for example, penis being the topic of one large station during the middle of the afternoon) then it should also cover the opposite. I have the choice to turn off stations whose broadcasting I don't like listening to. Conversely, I would like to continue being able to receive stations that I enjoy.

Thank you,

To Whom it May Concern,

RE: MB Docket No. 04-233

K-Love is a radio station my family and I listen to daily. It encourages us so very much. Our community needs positive radio stations such as K-Love to promote Godly, wholesome values. They reach out to people who need prayer, encouraged, or just a friend to talk to. I believe K-Love can benefit every family. Our communities are made up of families - we must reach out to one another.

I appreciate your time and consideration.

Sincerely,  
Missi Dettwiler

To whom it may concern,

RE: MB Docket NO. 04-233

I am writing to you because I am extremely concerned about a notice that I received. This notice was about the possibility Low Power FM could take priority over current FM translator services thus replacing translator services for stations such as K-LOVE radio station. This is very upsetting to me. In the last few years, I have had an extremely emotional and difficult time. There were many times when I was feeling especially down and upset or angry and in order to deal with this, I would turn on the K-LOVE radio station. Listening to the music and the stories on this station gives me tremendous encouragement and lets me know that I am not the only one in the world that has a rough time. It always gives me something to believe in and hold on to.

If Low Power FM takes priority over the current FM translator services, there are many others who will be affected also. Just from the testimonials that you can listen to on K-LOVE, a person knows that there is an impact in communities all across the nation. There have been stories of young teenagers who, after listening to the station when a friend of theirs was listening to it, would change their outlook on life and society as a whole. It does not matter what your religious beliefs are, even if you do not believe in the messages that K-LOVE is trying to get out, this information is a very powerful thing. If more young people today would be given the opportunity to listen to stations such as K-LOVE, maybe we would have fewer crime rates, teenage pregnancies, drug addicts and alcoholics, teenagers would have more respect for life, parents, and authority figures. Taking this away is not in the public's interest. It would only remove one more possibility for young people and other people who may just be on the brink of "going bad" or finding the encouragement needed to "straighten out" their lives. I live near and work in Denver, Colorado. Downtown, near where I work, the McDonald's that I go to plays K-LOVE on a regular basis. This may sound odd to you but think about it. We have many homeless people here, too many of them are very young teenagers, and if they have the chance to listen to something positive in their day, to get off the street even for just a few minutes in a day, this cannot be a wrong thing. We have many influences in our society today. Please, do not take one of the few positive ones away if it at all can be helped. We all, as a society, need as much positive as we can get; again, it does not matter what your beliefs are, just know, if this positiveness is taken away, it will help to create one more spot of darkness that none of us need.

Thank you for your time and consideration,

Re: MB Docket No. 04-233

Gentlemen:

I am writing to comment on the proposed expansion of the Low Power FM service.

If this proposed change is enacted, and low power frequency stations take priority over the current FM stations, it would put many of the current FM stations at risk. Our community, as well as thousands of other communities nationwide, would be adversely affected if K-LOVE were to be replaced by a LPFM. K-LOVE is a wholesome, positive and encouraging radio station that blesses us 24 /7 - in our homes and on the road, providing focus and growth. There is NEVER anything offensive or suggestive on this FM station.

Please help us protect this important influence, and seriously consider the adverse affects that, I believe, the expansion of LPFM service would have on our communities and our Nation.

Sincerely,

A handwritten signature in cursive script that reads "Jill E. Benham".

FCC  
445 12<sup>th</sup> Street SW  
Washington, DC 20554

Ref # MB docket No. 04-233

To Whom It May Concern:

I am writing in regards to the upcoming decision you will be making in the area of broadcasting a Low Power FM station in areas that are currently FM translating areas.

Please realize that as a resident of the Bay Area I have listened to K-Love for the past 10 yrs and will be very alarmed and upset if you displace my station with a LPFM broadcasted program. The services offered by K-Love can not be duplicated and have an impact that I can appreciate personally. It has made a world of difference at my workplace, home and while traveling over the freeways in this fast pace hectic area.

If you must have a LPFM then it should not take priority over the current FM stations that have worked hard to keep up the quality broadcasting base that they have. Translators are how many of us are able to listen to the stations of choice. Please don't mess with the airwaves, it's hard enough to keep good, uplifting and positive music on the radio.

To Whom It May Concern:

Re: MB Docket No. 04-233

I am writing concerning the new broadcast service known as Low Power FM(LPFM) which would take priority over current FM translator service. I am very disturbed by this as it would mean many Christian radio stations would be forced off the air with no signal.

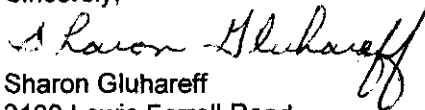

K-LOVE radio 106.7 in my area is on in my car at all times. I rarely listen to any other station and it brings great meaning and strength to my life. I am also assured that it is quality listening for my children and for the grandchildren I am soon to have. I recommend this station to the people in my church and community and I know from comments made that it enriches many lives here and across the country. In this time that many people are concerned about the quality of the material we are exposed to on radio, TV, and film, it is refreshing to have something of value and meaning to choose from.

My husband and I have spent nearly forty years working with teenagers, especially at-risk youth. We have cried with parents whose children have been involved in drugs, pornography, physical and sexual abuse, theft, and murder.

We know how important it is to have faith-based programs, involving music, prayer, counseling, and love to reach these children and their parents. Our families today are in terrible danger and I pray that you will not take away yet another alternative that we have to help them.

Thank you for your help in this matter. Please consider your decision carefully and prayerfully for our children and our country.

Sincerely,

  
Sharon Gluhareff

To The Federal Communication Commission, MB Docket No. 04-233

I don't know if you people believe in God or not, but I do and I love the radio station called K-LOVE. I believe the devil is working in this world through television and through government programs like yours. I believe this Radio station brings many people to Christ that don't know Him or just peace of mind just hearing beautiful music. You can call in and these people will pray with you. The stations you want in their place will lead you to down the wrong road. So please leave this Radio station along and let them do the job God wants them to do. If you don't you will have to answer to God some day and I wouldn't want to be in your shoes. PLEASE LEAVE THEM ALONE.

Yours Truly  
James Daniels
